

What does Horizon High School mean to you?

Horizon for me is a school that provides a healthy and stable environment for me to learn in. Horizon has helped me with my academics, taught me to be more responsible, and has helped me to become more independent. Going to Horizon just makes me feel that it is possible to overcome hard times, and Horizon has been there every step of the way. They're not just a school to me, but a family to me also. Thanks to Horizon I have an education, I am sober, and I have support. I wouldn't choose any other school.
